Electronic Press Kit

Presented By: Marvin Pfaffe

MUPHUS

MUPHUS blends EDM, techno and party-driven sounds with his own original productions. With around 30,000 monthly Spotify listeners, his music reaches an ever-growing audience beyond the dancefloor.

MY EDUCATION

It all kicked off
with drums when I was young, then I taught myself piano, diving deep into melodies and
harmonies. Eventually, I discovered FL Studio, and thats where my love for electronic music production really took off.

- Stage & Festivals – Live performances & festival experience(KOLIBRI Festival, Nature One)
- Music Production – Nearly 10 years of production experience
- Studio – Recording, arrangement & track development
- Mixing & Mastering – Professional mixing and mastering
- Ghost Production – Productions tailored to different artists & styles
- Creative Direction – From the first idea to the finished record

PERSONAL SKILLS

Driven, reliable and constantly focused on improving as an artist, producer and performer, with the goal of building MUPHUS into a long term professional music project.

Music production

Nearly a decade of experience in electronic music production, with a strong focus on creating energetic and modern dance music. Experienced in arrangement, sound design, mixing, mastering and developing tracks from the first idea to the final release.

Collaborations

Experienced in working with other artists and producers, including collaborations, ghost production, recording and developing tracks together. Releases and projects have involved artists and industry partners such as Pazoo and Giorgio Gee.
